

3.1 Provide emotion

Product Manager Name: KEYU LIU

ID:1403714

Intro: Blind or visually impaired users may struggle to emotionally connect with the content being read by assistive devices. There is a need for a robot that not only reads content but also interacts with users in a more empathetic and personalized way, enhancing the overall reading experience.					
Epic	As a [role]	I want [feature]	so that [benefit]	Link	Priorit y
Personalized content learning	visually impaired user	I want the robot to remember my reading	I can receive content that aligns with my tastes and preferences, making the reading experience smoother.	3.1A	High
